An Application for 5iploma is reJuired before a student is allo2ed to participate in commencement and7or prior to a diploma being pro id62()-2. 8 reefe4529 2604 8 8(r)0. 16922(b7. 6953 2712916(t)-2. 64B09r)0. 1402

students will learn about web services and SOAP or REST. Due to the particular dynamic nature of the web environment, course content will change as appropriate. =6, 6=

6 # prerequisite *S=--+. This course continues the development of the web programming skills introduced in *S=--+. While *S=--+ emphasizes client-side web programming(*S=-- emphasizes server-side web programming. Server-side concepts will be put into practice by using SOAP. Students will be expected to implement an application that utilizes SOAP (XML). Due to the particular dynamic nature of the web environment, course content will change as appropriate. # prerequisite *S=--+ =6, 6=
